THE REVIVAL SERVICES.

They Are Growing in Interest at the M. E. Church, South.

Dr. Leftwich preached a splendid sermon last night to a large and deeply interested congregation at the M. E. Church, South. These meetings are growing in interest.

The simplicity of the gospel was never more apparent than it appears presented by this prince of preachers.

Quite a number were forward last night for prayer. Still many who seem to need the benefits and blessings of the gospel—if it were possible for one to need the gospel more than another—do not seem to be as much interested as they should.

Services at 10 a. m. and 7 p. m.

Do not fail to come and enjoy these services.

LAST SAD RITES.

Impressive Service Over the Remains of a Good Man.

The funeral of the late Jedediah Foster took place at 11 o'clock yesterday morning from the M. E. Church.

The pastor, the Rev. F. W. Harrop, briefly reviewed the life-work of the dead man—how his sweet singing and earnest preaching had won the hearts and souls of thousands during his eventful career of more than sixty years in the service of the Master.

Mr. Harrop spoke with a pathos that was tender, and his tribute to the worth of the sainted dead was touching and beautiful as it was true.

After the services at the church the body was laid to rest in the Maysville Cemetery.

ONLY A GUESS.

But, Just For Fun, Let's See How Close It Comes.

This evening the Board of Council will meet in regular monthly session.

Of course, the routine business will be transacted, but aside from that there are some other matters to come up which will probably draw a larger crowd of spectators than usual.

There are four Night Watchmen to be chosen, and also several other salaried custodians of the public weal, all more or less responsible.

And here are THE LEDGER's "forecasts"—which may prove about as reliable as one of Uncle Sam's weather predictions:

My Dear Sir: Who is my double? Who is the fellow that looks like me? THE LEDGER of today says Councilman Blitner was out yesterday for a drive. Where did he drive, and with whom? I am sorry to contradict your statement, but I have not been out of my room for five weeks and will not be for some time to come Very respectfully,

THE BIBLE SOCIETY.

Seventy-Fifth Annual Meeting to Be Held Sunday Night.

At a called meeting of the Executive Committee of the Maysville and Mason County Branch of the American Bible Society, held Wednesday afternoon, December 2d, at the office of Mr. John C. Pecor, Treasurer and Depository, the committee appointed at the last meeting of the Executive Committee to call on Rev. Mr. Dutcher to invite him to deliver the address and to ask the use of the Christian Church for the annual meeting, reported that in their interview with Mr. Dutcher he spoke approvingly and that the committee was led to prematurely announce that the meeting would be held at the Christian Church and Mr. Dutcher make the address.

On subsequent conference the arrangement was decided.

Whereupon, on motion of Mr. John B. Orr, Jr., it was ordered that the meeting be held at the M. E. Church, Third street, and that Dr. Hays and Mr. Harrop be requested to deliver the addresses.

Messrs. J. B. Orr, Jr., and G. W. Geisel were appointed to see Messrs. Hays and Harrop and conclude the arrangements with them and make the necessary announcements in the papers.

After a conference with the above-named gentlemen, the committee reported that the meeting would be held at the M. E. Church, Third street, and that Rev. F. W. Harrop and Rev. John H. G. D., would deliver the addresses.

The regular collections will be taken at the morning services of the Churches interested.

As this is the seventy-fifth annual meeting of this branch of the parent society it is urged that as many attend as possible and make it the best meeting yet held.

If you wish to resign your resignation will be accepted, but the Department will appoint your successor without any suggestions from you."

The result is the Postmaster pulls the string attached to his resignation and the Department hears no more from him.

WANTED.

5,000 fat Turkeys and all the fat Geese, Ducks and Chickens I can get. Highest market price paid delivered in Maysville. R. B. LOVEL.

Under the circumstances, Stroud was forced to place him under arrest. And that's why "Uncle Jack" appeared in Police Court for the first time in his seventy years of life. Judge Sandifer looked sternly over his glasses at the offender after Stroud had told the story.

"I've been in this town night on sixty-four years," he said, "an' no man has 'cused me of 'stealin' befo'. Hit's dis way, suh: De ole woman's been sick nine weeks. I jes' natchly kin' fo' no'wuk to do. Gawd knows I've tried, fu' one place, den anser. I hatter take 'er de ole woman an' I didn't go to pick up a little coal. I thought mebbe if I could 'bul' up a fat whale and 'er up go good 'twel de col' git outer her, she mout get bettahhan'—an'—" Uncle Jack" had lost control of his emotions.

His voice, which had grown huskier as he talked, failed him utterly and he coughed his face with his hands. Great tears trickled over his fingers and dropped, one by one, on the patches on his knees. Four or five city officials coughed loudly and became interested in something that was going on outside. There was a curious choke in Judge Sandifer's voice when he began to speak.

"Old man," he said, "didn't you know you could have come to my courthouse, even if I had only two lumps, and gotten me out? Will you promise me now to keep out of the railroad company's coal heaver? If you will, I'll let you go back to the old woman, to take care of her as long as you both live." The promise was tearfully given, and "Uncle Jack" shuffled out.

TIME

is what I want to talk to you about now.

Very few things are so easy to lose and so hard to regain as time.

Is your watch time right? Does it lose time? Perhaps it gains? Either way will keep you guessing.

I repair watches so you don't have to do any guessing.

There are two reasons why I pay

so much attention to watch repairing.

I make money out of it course—that's what I'm in business for—but best thing about it is that it brings good people into the store, and as I do watch work right, and at the right price, it is a convincing argument that the rest of my business is right too.

Watch Repairing, however, is only

a side issue. I sell Watches, Diamonds,

Jewelry, Clocks and a great variety of

beautiful and useful things for gifts of all kinds.

Deafness Cannot be Cured

by local applications, as he cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by an external application of the mucus lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or impeded hearing, when it is severely affected, the ear is red and swollen. The inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are cured by ear, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by ear,) that can be cured by Hall's Cataract Cure. Send for circulars, free.

WE'RE FOR AMERICA/AMERICANS!

WONDER if there'll be enough jays in Kentucky to sign a petition for a People's Party on next year's ticket? That's the only way we can be inflicted with the folly.

MARK HANNA, in an interview, asserts that FORAKER is now allied with McKINLEY and SHERMAN in politics. He says an agreement was made that FORAKER should be Senator and that McKINLEY should have Ohio's united support for the Presidency.

THE much-praised Wilson Tariff Bill last year fell short by \$25,200,246 of raising enough revenue to pay the running expenses of the Government. And yet the Demopopular Editors are trying to baffle their readers by declaring that the bill is a better revenue-raiser than the McKinley Bill.

For the first ninety days following the 4th of March, 1863, more appointments and dismissals were made in the Treasury Department than during the entire four years of President CLEVELAND's former Administration. The men appointed were Democrats. And yet Mr. CLEVELAND poses as a Civil Service reformer, who now wants to "protect" all these Democratic appointees by giving them a life tenure on their positions.

It is said an ingenious Chicago woman has invented a machine for darning stockings. The legitimate conclusion of course is that the invention is for Chicago stockings or socks only. The outside world is not likely to be benefited. In the business of darning it is always necessary that there be an inside as well as an outside worker. The two must work in harmony and simultaneously if the results are symmetrical. A machine that will work with a Chicago stocking will never work with stockings worn by men and women not lucky enough to live among that splay-footed people. In any but a Chicago stocking there is not room for the necessary scaffolding on which the carpenters or darning can stand while building the lattice work, called by courtesy a darn. Outside of Chicago, therefore, the old custom will have to continue of running a string around the hole, gathering it and tying the ends. Who wants a darned sock or stocking, anyway? Wasn't it Rev. BOB INGERSOLL of some other man equally pious, who said he would rather have a hole in his sock than a darn because while a hole might be remedied, an hour a darn was premeditated poverty?

BOOM!

The Ledger's Prophecies
Being Fulfilled!

THE LEDGER was instant throughout the late campaign that the election of McKinley meant the restoration of Confidence and the immediate resumption of Manufacturing and Commerce throughout the country. There were those who contended that the very opposite would be the case.

It is now no secret that the election is to be won by the result of the fact that our leaders may see who was right. THE LEDGER will give, from day to day, a partial list of the industries that are reviving under the assurance that the incoming Administration will be friendly to American interests.

The Spearman Furnace at Sharpville, Pa., resumed November 19th, the men going to work at the reduced wages offered them at the time of the shutdown

LAWRENCE, MASS.—The Pemberton Mills have started after a shutdown of four months. The Mills employ 800 hands, yet over 300 were turned away without work.

The Howard & Bullock American Machine Company of Pawtucket, R. I., has commenced the erection of its new building which will be of brick, three stories in height, and will measure 250 by 60 feet. This building will be used for the manufacture of a new line of machinery.

SANFORD, ME.—The big plant of the Sanford Manufacturing Company resumed operations after a long shutdown. About 800 people, two thirds of the full force, are at work, and the others will be employed as soon as the general business outlook warrants.

YOUNGSTOWN, O.—The Ohio Steel Company started its large plant Monday, and it is expected that it will run steadily until the holidays. It is further reported that orders have been received by the company for 15,000 tons of steel billets, which will be used in making wire nails. The Brown-Connell Iron Company and the Mahoning Valley Iron Company will have nearly all their mills in operation during the coming week. All the smaller industries are running full, with sufficient orders booked to run until after the opening of the new year.

BRADLEY & BECKNER

Two Big "Bills" That Talk
About Several Other Bills.

THE GOVERNOR'S HOT SHOT.

He Responds to Some Unwarranted
Criticisms From Judge
Beckner.

BLAME WHERE IT BELONGS

Recently Judge William M. Beckner—that terrible talker from Talcottown, Clark county,—unlimbered his guns on Governor Bradley, the turnpike raiders, the proposed extra session of the Legislature,—and took a crack at creation generally.

His attention having been drawn to Judge Beckner's letter, Governor Bradley said:

"I regret that the soul of Judge Beckner cannot find rest. He is very much interested in having such legislation speedily enacted as will 'pay the liabilities of the Commonwealth,' because the Governor is not doing his duty. Probably the Judge has forgotten, or it may be that he never knew, that the Governor in his message to the last Legislature called, especially attention to this matter, and requested steps should be taken to liquidate all claims, and that, although the Republican House enacted such measures, a Democratic Senate refused to concur therein. What a great pity it is that the Judge did not at that time bring his ponderous intellect and charming personality into play and persuade his Democratic brethren to do something to pay the debts which they had contracted.

"It may be, too, that it has never occurred to him that on account of this failure to pass needed legislation the people of the state who held these claims were forced to sell them at 20 per cent. discount to curbside brokers and bankers, and that legislation can be had which will recompense them for a loss caused by Democratic stubbornness and incompetency. Even should a bill now be passed it would inure only to the benefit of the bankers and brokers who have bought these claims on a margin which would enable them to profitably wait until the regular session.

"He complains, too, because 'banded outlaws destroy property with impunity within sight of the Capitol,' while the Governor does nothing to prevent or punish. What would he have the Governor do? Does not even he know that the Governor cannot punish these outlaws? He cannot even offer a reward. The statutes allow a reward offered by the Governor only in aggravated cases of murder and felonies against the person, and even then he cannot offer a reward unless requested to do so by the Judge of the County Court in the county or the Judge of the Circuit Court in the district where the crime was committed. The Judge probably has forgotten that the officers of Franklin county are all members of his political party, and up to this time have not shown any burning desire to bring these outlaws to justice. I have not heard of any murder or felony against the person having been committed by these violators of the law, and even if there had been the County and Circuit Judge, having failed to request, I could not offer a reward.

"Whenever the county officials in Franklin or any other county undertake to enforce the law, they will find me more than willing to stand by them. There turnpike raids are a blot on the good name of the state. Every law-abiding citizen should interest himself in maintaining the majesty of the law, but I am powerless to perform their duties for them. I cannot issue warrants and make arrests, but stand ready at all times to assist in the good work when it is inaugurated.

"The present statute has been the law in Kentucky for many years. Under that statute, as already stated, the power of the Governor to offer rewards is limited, and, although the Judge was for years a member of the House, his eagle eye never detected the inadequate provisions of the law, or his anxious desire to prevent crime and bring criminals to justice never suggested to him the propriety or necessity for additional legislation."

Appraisers have agreed on the price to pay for turnpikes in the corporate limits of Louisville. The Council will be asked to pay the new day.

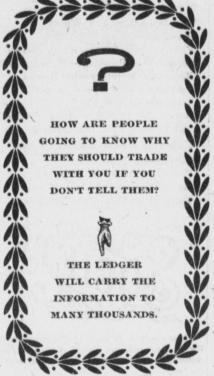

TELLS THE TRUTH.

Dr. Parkhurst Says Bargain Shop
Sellers Kill Young Girls.

Dr. Parkhurst took the war path in New York recently, and in a sensational sermon said, among other things:

"I do not know how many unfaithful husbands or wives there are in this community, but I should calculate that there might be well over a quarter of a million. I would not at any rate of premium issue an insurance policy on any couple's conjugal fidelity good for more than five years unless on the contingency of offspring or on the basis of their common faith in God."

"If a lady goes to the store and buys an article that she is sure is marvelously cheap, she knows that some poor girl in some sickly back alley has been half-paid for her work. She does not kill the girl outright, but she helps to kill her by inches. And then she encourages herself in imagining that she is not a blood-sucker and a murderer by joining a relief or rescue society."

HANGED THE FREE-TRADER.

And now has since been heard of in that County.

Cleveland Leader.

A well known Washington politician made a trip recently through Southwestern West Virginia in order to ascertain the sentiment of that section.

In Logan County, on Pæk creek, he found an old man, whom he interviewed as follows:

"Are the men here taking much interest in the campaign this year?"

"Right smart!"

"How are they going to vote?"

"In the Fed'r'l Co't."

"How are they on the money question?"

"Don't know nothin' bout it. What they want is to keep that man in the King case. That fellow King is after all the hairy. Ain't never no money here, and we don't need much 'bout no questions as to it."

"How about the Tariff?"

"The what?"

"Are there any Free-traders in your district?"

"No, I reckon not. That was one last year, but they coched him. He'd been tradin' houses free all 'round hyar. So one o' mine to a feller down the creek. I foun' it an' I hung the Free-trader right over yander on that big poplar. Hain't heerd o' none sense."

The electoral votes lost by it, which Cleveland received four years ago, were:

California.....	5
Connecticut.....	6
Delaware.....	10
Illinois.....	24
Indiana.....	6
Iowa.....	12
Michigan.....	12
Minnesota.....	10
Montana.....	1
Nebraska.....	3
Nevada.....	1
North Dakota.....	1
Ohio.....	20
Oklahoma.....	1
Oregon.....	49
Pennsylvania.....	47
Rhode Island.....	1
South Dakota.....	1
Tennessee.....	39
Texas.....	50
Utah.....	1
Virginia.....	10
Washington.....	1
West Virginia.....	10
Wisconsin.....	12
Wyoming.....	1
Total.....	445

Net loss of Electors.....

304

Thus we see that by turning its back on its old friends and forming a copartnership with the Populists the South instead of electing a President, lost several of its states, gained 41 electoral votes in the mining camps and lost 145 electoral votes which Cleveland received in 1892, losing altogether 104 electoral votes.

But this is not all. The West, which was relied upon to make this combination effective, cast an immense popular vote against it. Taking nineteen Western states, including in them Missouri, we find that they gave McKinley 182 electoral votes and Bryan 56, while the popular plurality they gave to McKinley was over 200,000. Here are the estimates:

McKinley, Bryan, 12,000

Illinois..... 600,577 462,733 13,844

Iowa..... 297,195 219,265 2,000

Kansas..... 100,000 80,000 20,000

Michigan..... 311,100 301,250 8,750

Minnesota..... 108,455 139,477 31,000

Montana..... 10,100 41,215 31,100

Nebraska..... 1,756 6,781 5,025

North Dakota..... 1,475 1,475 1,475

Oklahoma..... 20,000 1,467 1,467

Oregon..... 49,216 47,102 1,900

Pennsylvania..... 100,000 100,000 0

South Dakota..... 39,495 50,927 1,432

Tennessee..... 100,000 100,000 0

Texas..... 10,073 10,389 316

Utah..... 14,000 15,000 1,000

Wyoming..... 15,000 15,000 0

Total..... 3,967,795 3,129,989 849,494

McKinley's plurality, 257,806.

Thus we see that in the group of states classed as "the West," and which includes all the silver and Populist strongholds outside of the South, Bryan was overwhelmedly beaten, both on the Electoral and the popular vote.

Such is the result of the Southern-Western Democratic-Populist combine, to say nothing of the immense increase of the popular vote against it in the Eastern and Middle States, and its great loss of nearly 300,000 in the popular vote in the Southern States.

The Chesapeake and Ohio, the Southern and the Pennsylvania Railroads have no final plan for a magnificent union terminal at Washington, the principal feature of which will be the elimination of grade crossings.
